

ASSISTANT PROFESSOR OF WILDLAND WATERSHED HYDROLOGY  
University of California, Berkeley

The Department of Environmental Science, Policy, and Management invites applications for a tenure-track, academic year appointment at the Assistant Professor level in the area of Wildland Watershed Hydrology, starting 1 July 2012. The position includes a joint appointment in the California Agricultural Experiment Station. The successful recruit is expected to develop a nationally recognized research program in landscape-scale watershed hydrology related to the fields of climatology, biogeochemistry, environmental engineering, forest ecology and management, ecohydrology, and/or geomorphology. Candidates must have a Ph.D. degree in an appropriate field, such as, hydrology, water science, civil and environmental engineering, forestry, landscape ecology, or a related field. The successful candidate must have an outstanding record of scientific accomplishment and a strong commitment to both undergraduate and graduate teaching.

The department seeks candidates whose research, teaching, or service has prepared them to contribute to our commitment to diversity and inclusion in higher education. Additional information on the position is available at:
